

SAMIR BASNET

Geomatics Engineering Student

Panauti -4 Kavrepalanchok • +9779849926312 • sameerbasnet37@gmail.com

 basnetsamir.com.np  <https://www.linkedin.com/in/samir-basnet-842172242/>

- I am a geospatial enthusiast with a strong interest in integrating emerging technologies into the spatial field.
- I am skilled in spatial analysis, GIS-based problem solving and spatial data handling.
- A proficient individual in UAV flight planning, aerial mapping and remote sensing based data acquisition.
- I am competent in DGPS/GNSS surveying, control point establishment, and post-processing of field acquired geospatial data.
- I am enthusiastic about research paper writing, scientific documentation, and academic research activities.
- I am skilled in using the instruments like Level machine, Theodolite, Total Station for various field activities.
- I have a keen interest in using LiDAR technologies to perform numerous spatial analysis.

EDUCATION

Geomatics Engineering

2022- Current

Kathmandu University, School of Engineering

+2 in Computer Science

Bhaktapur

Khwopa Secondary School

Jul, 2020 - Feb, 2021

NEB

EXPERIENCE

Community service director

Panauti, Kavrepalanchok

Rotaract club of Panauti

June 2018 – July 2019

I have worked in the Rotaract club for organizing community events and awareness programs.

Dhulikhel

President

Feb, 2025 - Aug, 2026

Geomatics Engineering Society

I have been currently serving as a president of GES where we foster and motivate people in enhancing the geo-spatial knowledge through collaboration and related activities.

SKILLS

GIS & Spatial Analysis: ArcGIS Pro, ArcMap, QGIS

Databases: PostgreSQL, MongoDB

Data post processing: Pix4D, Trimble Business Center(TBC)

Programming: JAVA, HTML, CSS, Python modules

CAD & Design: AutoCAD, Canva

LANGUAGE

Nepali, English, Hindi
